

# SUPER SELECT SYSTEM MEGA BOARD GAME CARDS

*The Choice is Yours*

When you purchase a Super Select System you will automatically get the latest configuration of 5 games available. However, you can choose any 5 of the fantastic games available, thus tailoring it to your individual site needs,

OR simply add to your system. The System price includes 5 games, however, this fabulous machine will hold up to 10 games!

OR take advantage of our Mega Board Game Exchange Program. This will enable you to add variety to your system at low cost. Choose any of the exciting games available, send the game you wish to return back and we will offer you a substantial credit towards the purchase price of your new game, thereby offering variety at a price you can afford.

**THE FOLLOWING GAMES ARE ALL AVAILABLE FOR THE SUPER SELECT SYSTEM.**

## **Leaderboard** *The classic golf simulation, developed especially for the arcade.*

### **Game Play**

Realistic, realistic hole course with all the hazards that you would expect - bunkers, water, trees, rough, sloping greens and variable wind speed and direction. You will need plenty of practice before you master the technique of the perfect straight drive, just as you do in the real game. On-screen displays tell you all the information you need to know, enabling you to complete the course in a minimum of strokes.

This game will appeal to action gamers as well as to those who have some swing a club. It's frustratingly addictive, so you try desperately to beat your score. Although neither has nor all-action, the will prove to be a winner.

### **Features**

- \* Full choice of clubs, with hints on choice.
- \* Detailed three dimensional graphics.
- \* Second button provides map of the course.
- \* Joystick provides complete control over the swing.
- \* Digitized speech and special effects.
- \* Animated instruction screens.
- \* One or two player options with continue play feature.

## **Sidewinder** *An all-action game posing an addictive challenge to all levels of players.*

### **Game Play**

As you crash into the alien "Star Killer" space cruiser, and destroy it before it destroys the real. This all action game takes place over the different levels of the alien ship; you pilot your fighter towards the command level and the final destruction of the "Star Killer" ship.

### **Features**

- \* Top view of the ship against a three dimensional background.
- \* Five levels each providing a different challenge of defence craft and obstacles.
- \* You can pilot a path through the three dimensional maze of the ship.
- \* Everything from the hypersonic form and the target deck to the challenge of the command level itself.
- \* Offering the very best in gamewack.

## **Ninja Mission** *A martial arts game that blows the black belts off all the others!*

### **Game Play**

The people of the village of Turtle Beach have called on you, the greatest of all the Ninja, to rescue the seven safe abduct from the evil Akuma and his bandit army.

Armed with your special Ninja weapons you must enter the fortress of death, and battle with the vicious guards that lie within. You will need skill in combat, a cool head and a smile of fortitude to penetrate all the rooms of the fortress, to reach the final idol and save the village.

### **Features**

- \* Mind blowing graphics.
- \* Stunning playability.
- \* A special track to rack to
